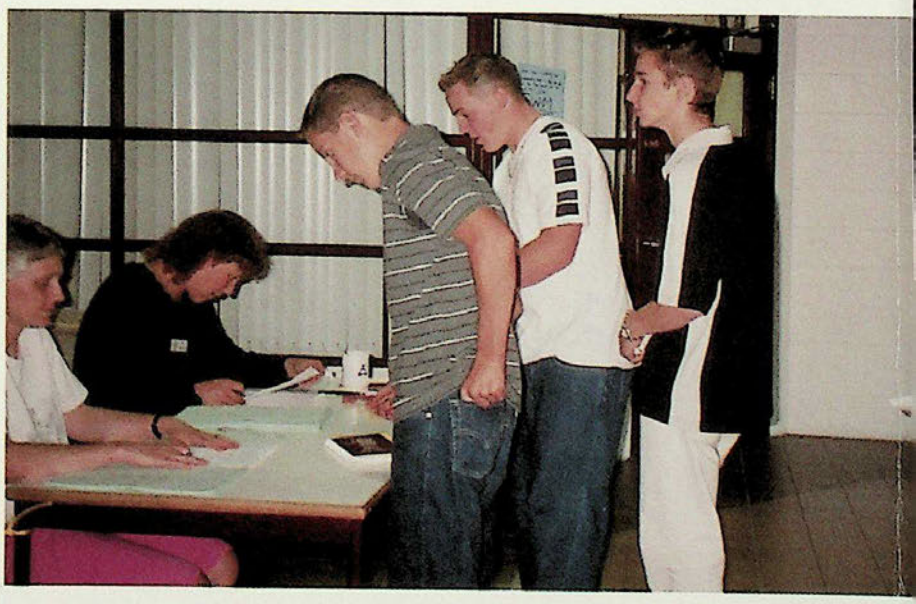
***Top Left**: Pam Tchernetzki smiles happily with a friend.*

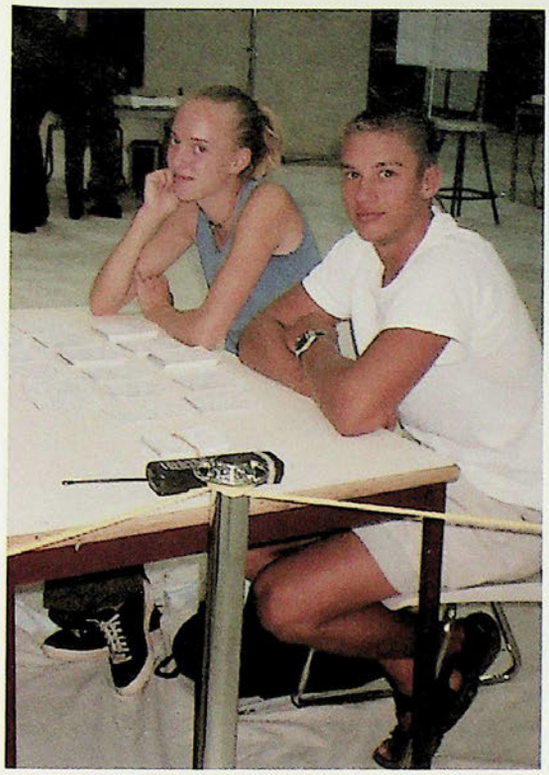
***Top Right**: Eager Grade 10's are ready for their first year of high school.*

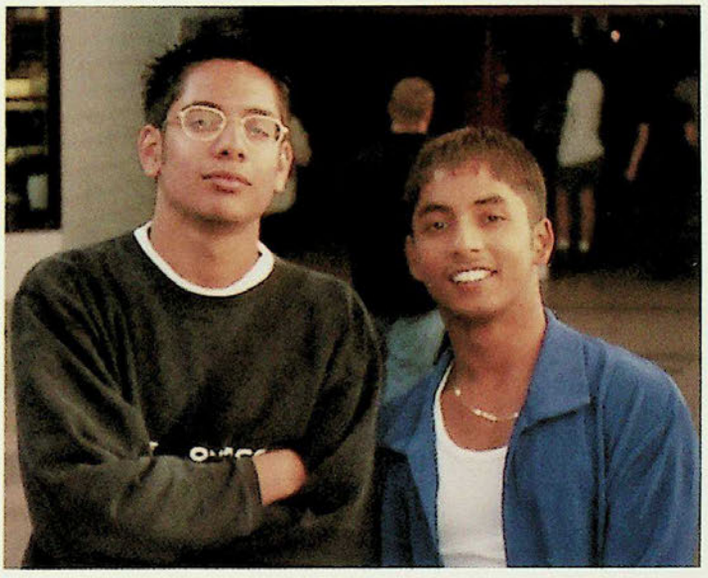
***Middle Left**: Christine Frank and Kellie McEwan cheerfuly handed out SU ticket book and Student Price Cards.*

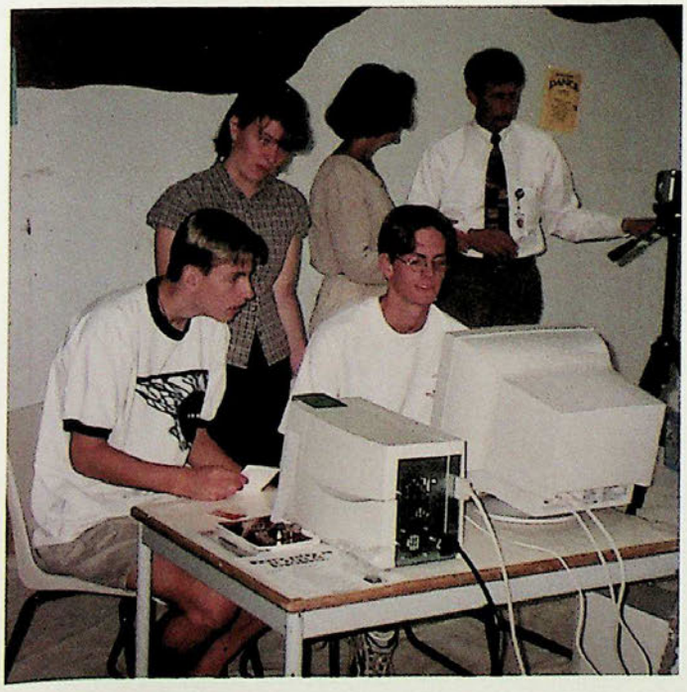
***Middle Right**: With a smile on her face, Debbie Gregg handed out locks to registering students.*

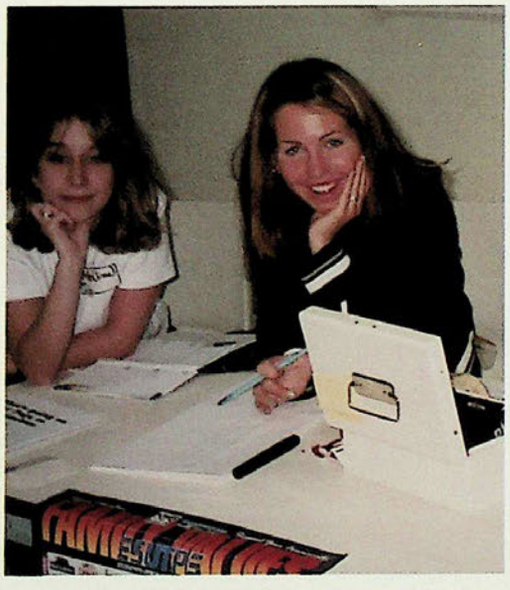
***Right**: Darin Amundson, Scott Ryland and Dustin Schwartz are relieved to FINALLY beat the textbook line - the last one of the day.*











***Top Left**: Stefanie Kletke and Aaron Plawke took care of ID cards. Are they EVER coming out of those machines??*

***Top Right**: A couple of new Grade 10 students.*

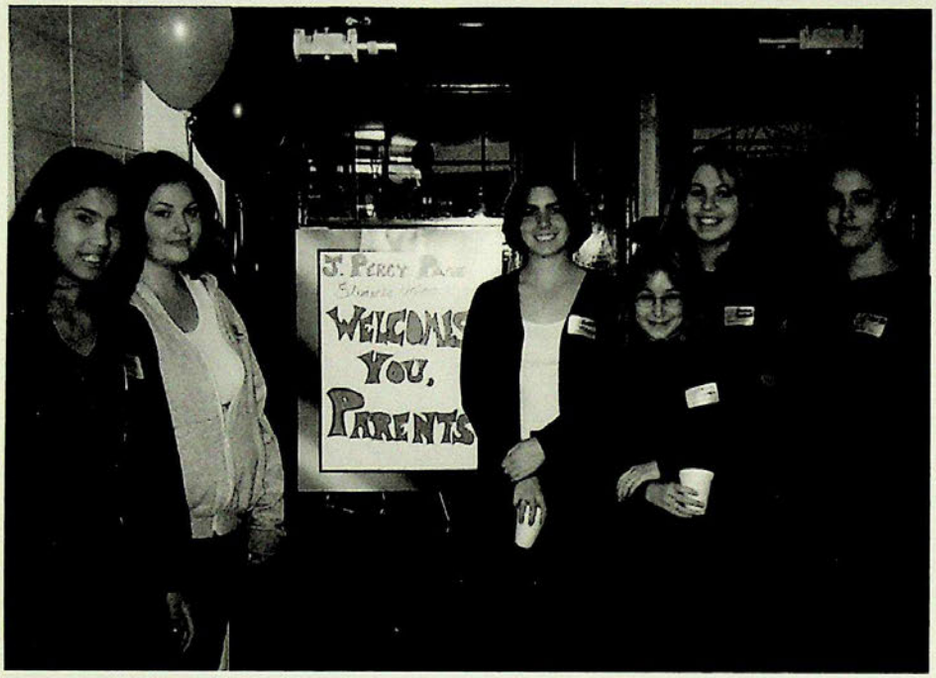
***Middle Left**: Carrie Kletke and Candace Bremner manned the Athletics Board table.*

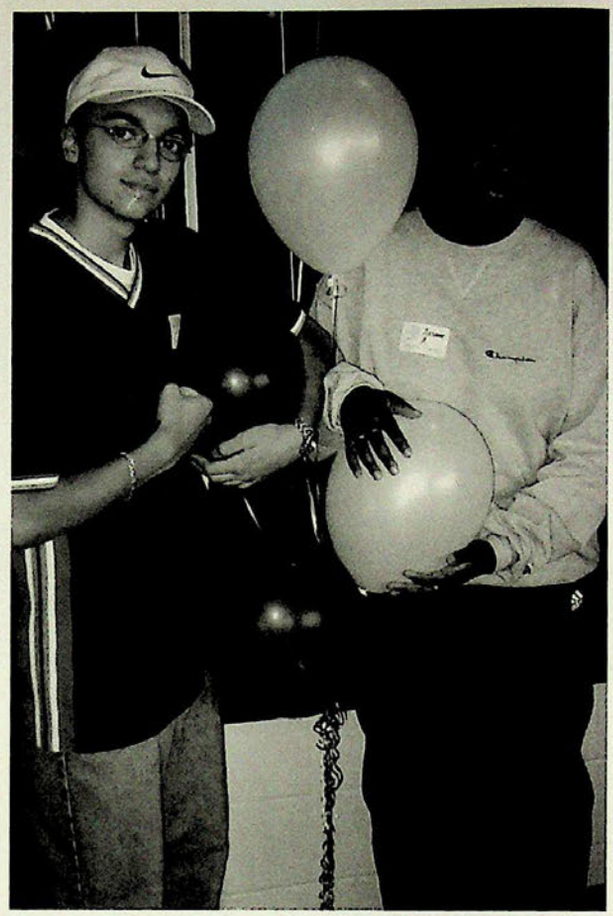
***Middle Right**: Two more students pose after a hectic day at registration.*

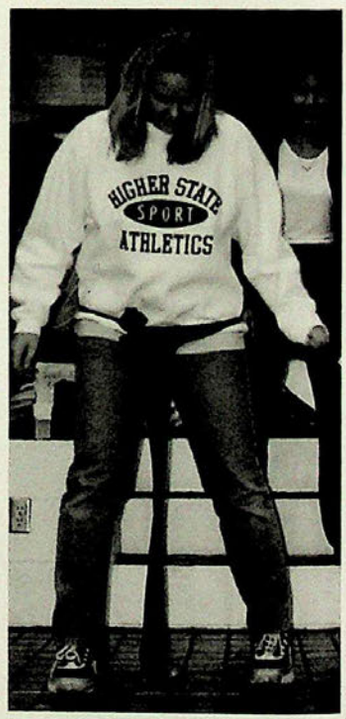
***Left**: Volunteers at registration TRIED to get those ID cards out as fast as they could.*

***Right**: Melissa Lungle and Heather Schlaak worked at the SU table and handed out bus passes.*

Welcome Week

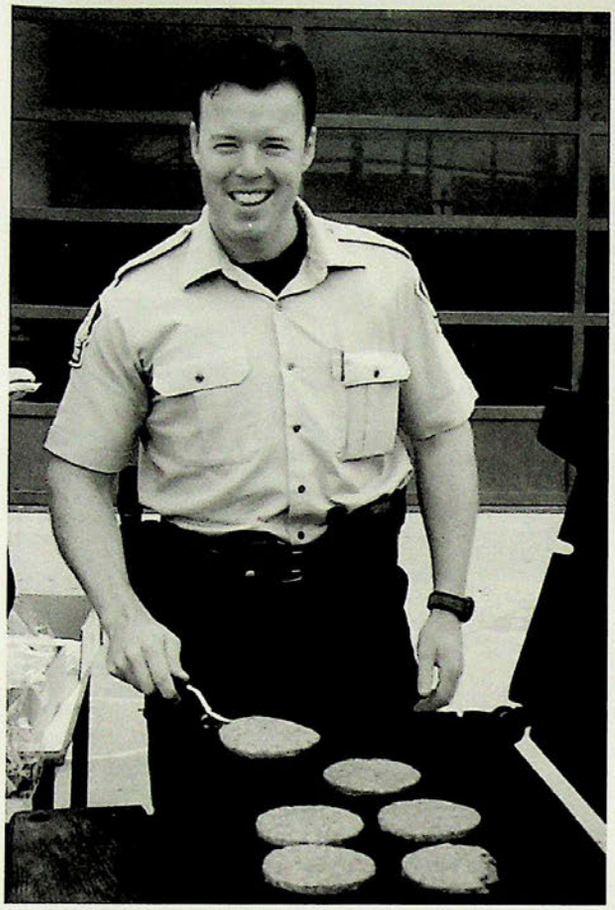






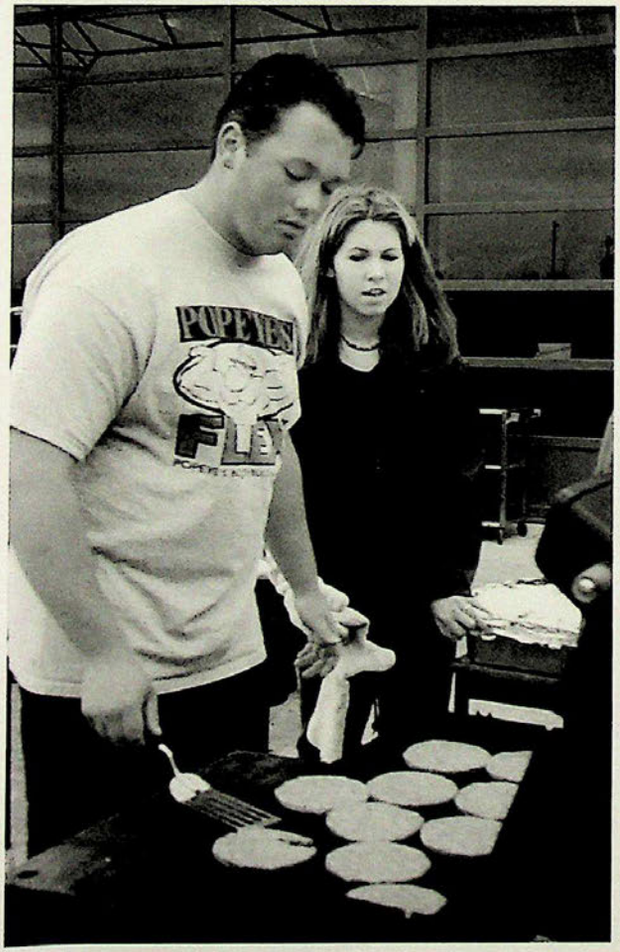
The Welcome Week breakfast held for parents of Grade 10 students was a huge success. Thanks to the members of Student's Union who helped orgainize this event.

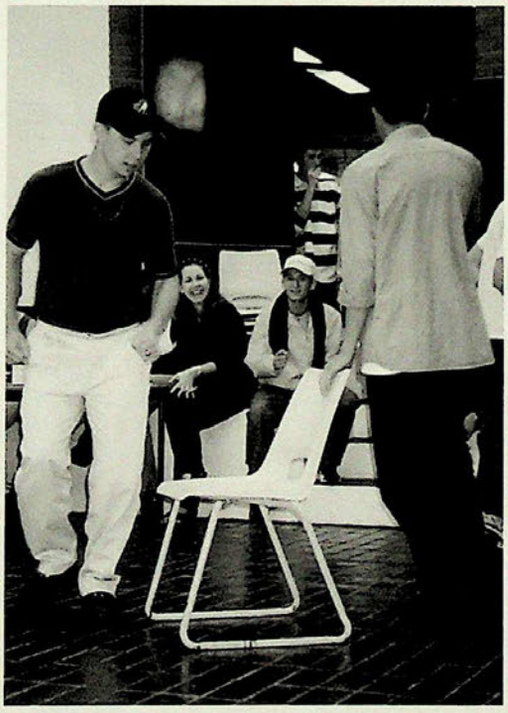
Activities held at lunch in the pit throughout Welcome Week helped new students feel welcome at Page.



A free barbecue prepared by Students Union was a nice way to treat the new Grade 10's.
***Left**: Constable Tony Freund smiles happily as he flips burgers.*
***Botton Left**: Heather Schlaak watches Mark Eriksson also flip burgers during Welcome Week*

***Above**: L-R: Aaron Plawke, Dimitri Petera, Andy Thomas, Michael Weerasooriya, and Adam Backsrom help each other set up a tent.*





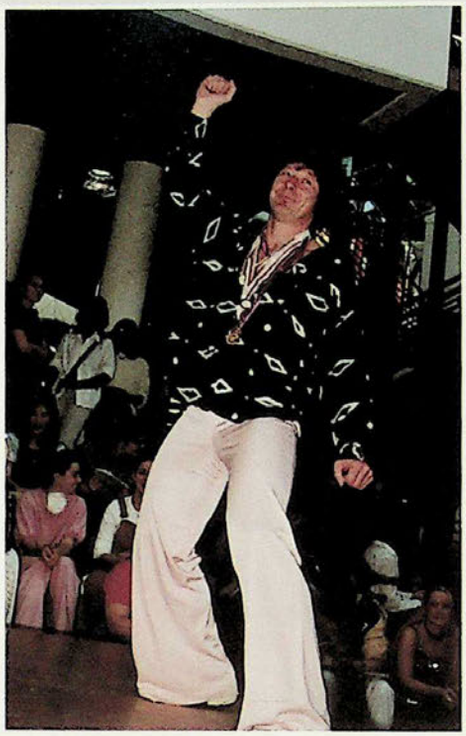
***Above**: Musical chairs was one of the many noon hour events going on in the pit during the week.*

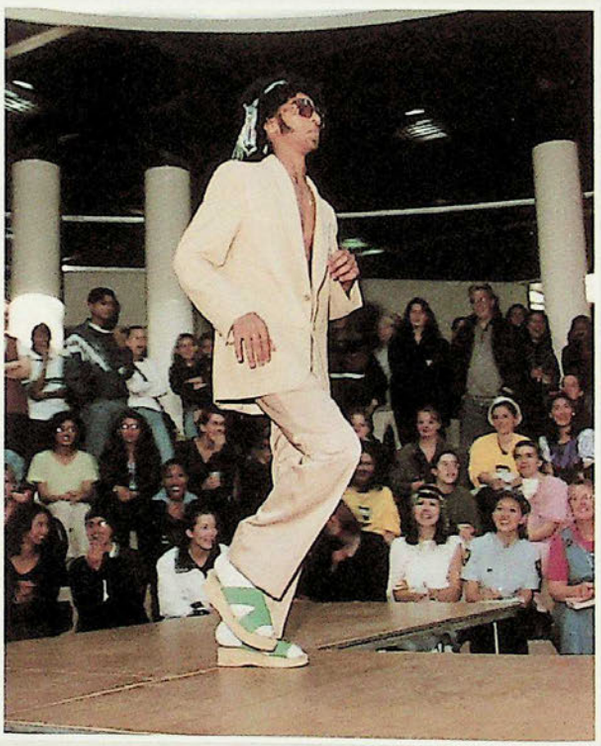
***Above**: A student participating in The Egg Relay.*

BE AFRAID...BE VERY AFRAID!!!!

It's that TIME of the year again where people go trick or treating and put on some great looking costumes. This is the TIME of ghosts, goblins, and other spooky creatures of the night. Here are some of Page's teachers and students in their unique disguisess. (By the way, Halloween Week was a huge success!)

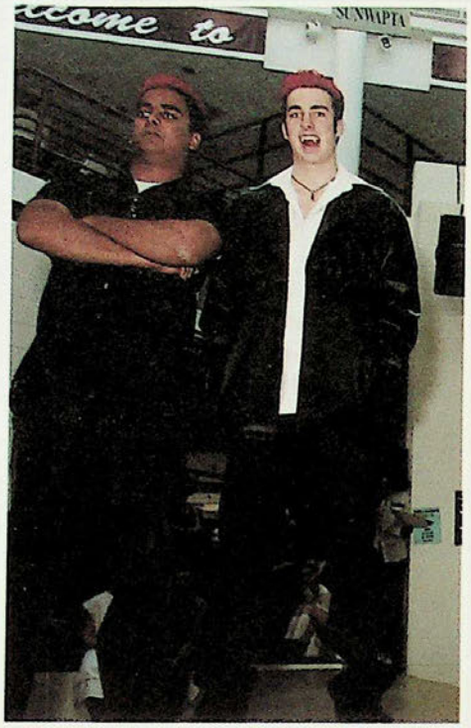
ABOVE: Cinderella (A.K.A. Mrs. Anderson) stares off into the distance waiting for her Prince Charming.

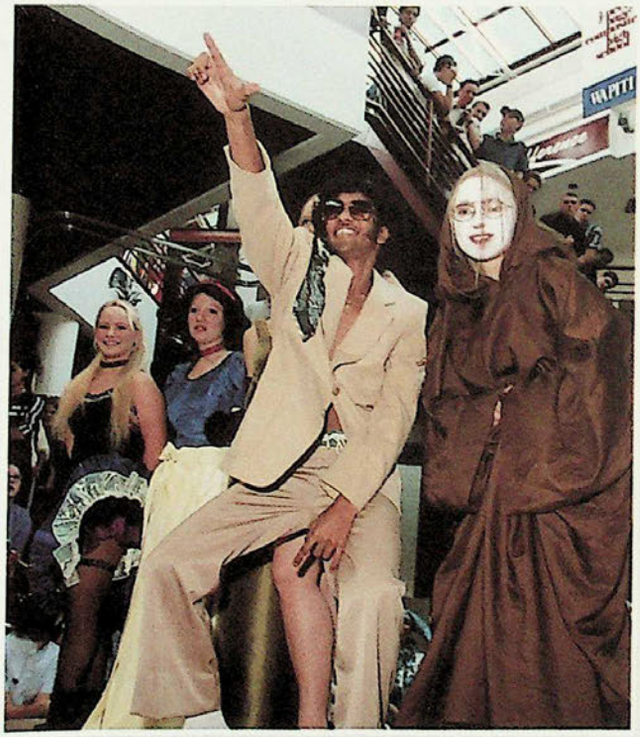




TOP LEFT: Teachers pose as a court jester and a police officer. What an odd match.
TOP RIGHT: Doing a little retro for us, Mr. Maradyn? Nice pair of PINK pants!!
ABOVE: Here goes Black Velvet again! Our costume winner last year.

IT'S HALLOWEEN!!!!!





TOP LEFT: With stylish red hair and spooky cat eyes, Azhar Qureshi and Brad Hendra pose as hip vampires. They look like those vampires from Buffy the Vampire Slayer. Better watch out or else they'll BITE!!
TOP RIGHT: And the winners are...The Sun and The Moon, Tina Scaddan and Pam Tchernetzki. Great looking costumes!!!
ABOVE: Other costume getters line up for one last pose before judges make their final decision.

ABOVE: A Devil is getting bitten by a Vampire. What a scary sight!

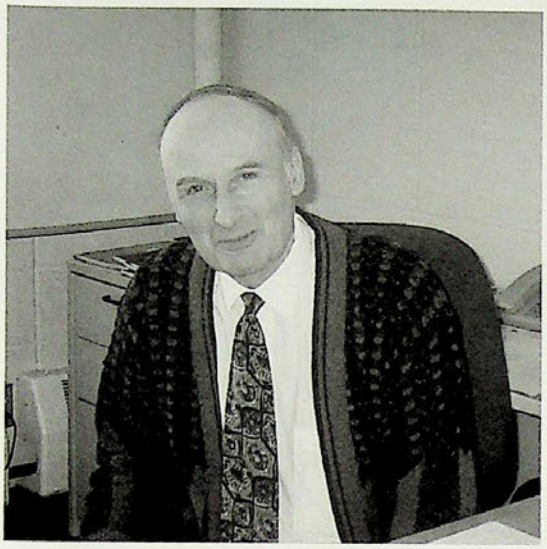
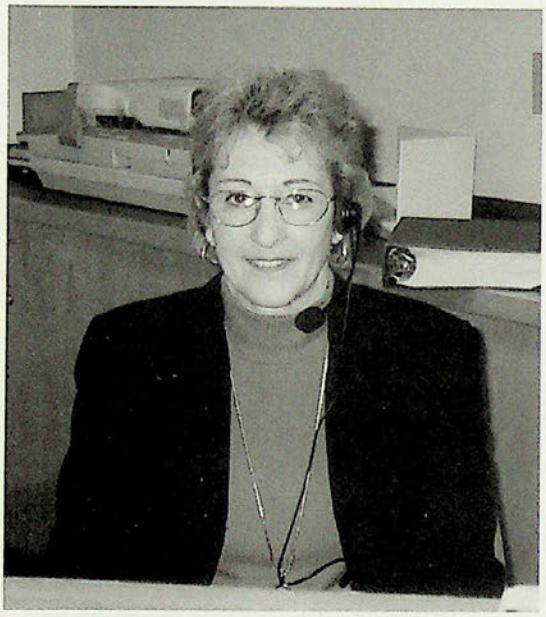
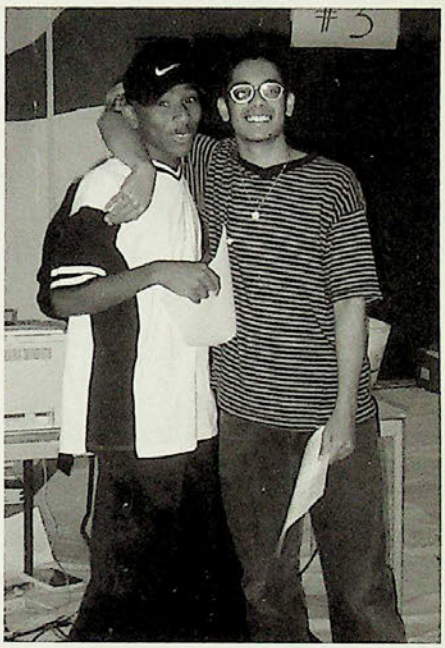
Mr. Probert's Message

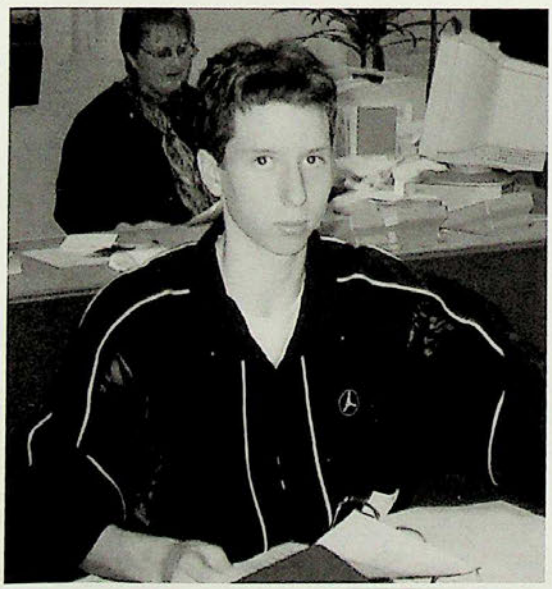


As one grows older our heritage and past often become important screening devices for our actions today. We cannot ignore the values and teachings of our parents, teachers and friends of the past. Their advice and assistance often serves as the foundation upon which we approach both the present and the future. In fact, as young adults or teens we often slip and slide when we strike out on our own initiatives without enough consideration of our past values and learnings. Yet we know we must challenge the uncertainty of the future, if we are to live each day as the most important day of our lives. One soon learns that living and learning are synonymous terms that sustain our constructive approach to life.

This year's Grad Theme "Time of Your Life" should be a constant reminder of the simple axiom of life. "Time of Your Life" will always be ours, if we can just hold on to those time-honored values and attitudes that are so essential for a better living. Don't ever give up on yourself and your loved ones, if you want to have the "Time of Your Life".

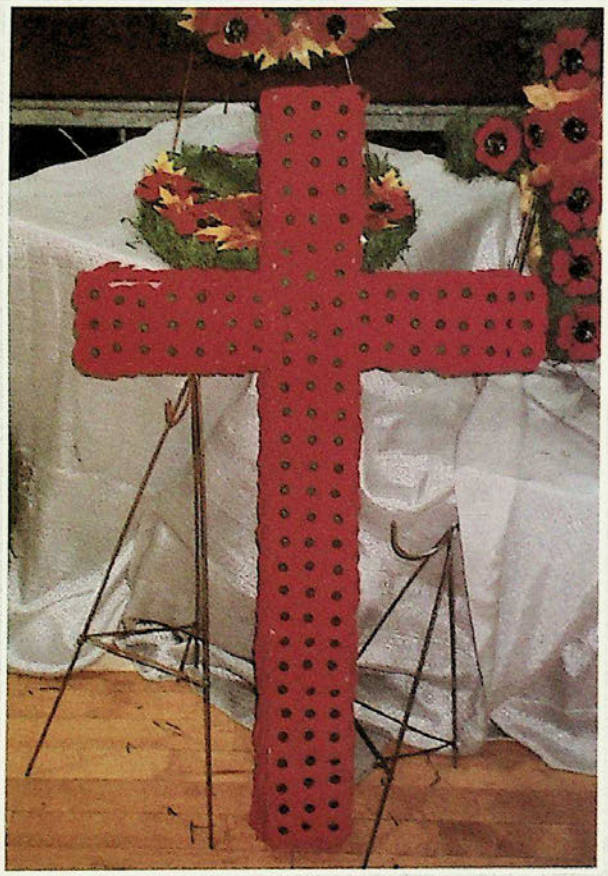


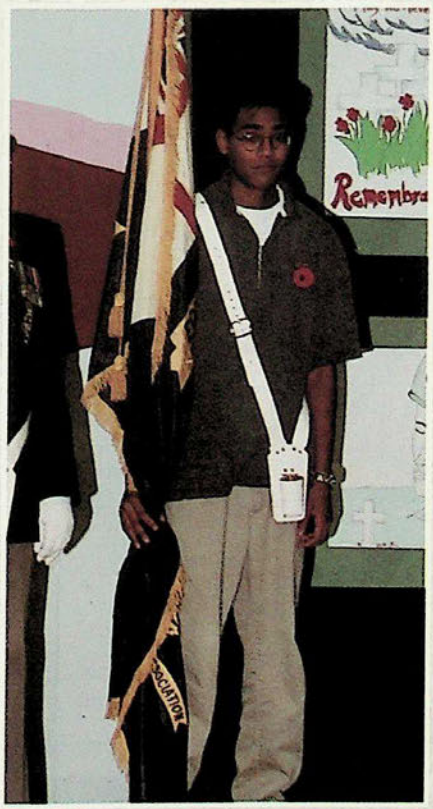


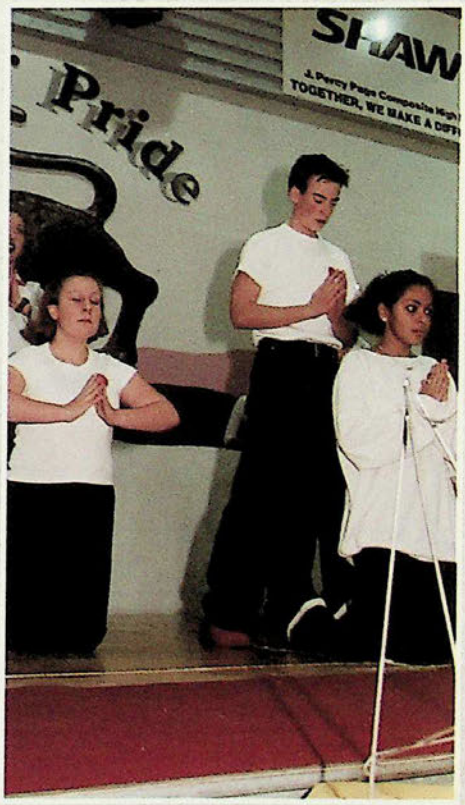


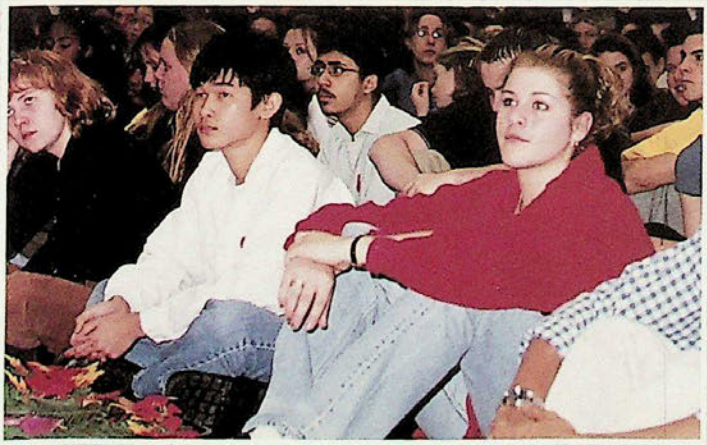
A Time To Remember

Every year, students and staff at J. Percy Page commemorate the lives of those who fought for our country and peace during WWI and WWII. And every year, Page putss on one of its best Remebrance Day ceremonies. The ceremony started off with "O Canada" and the marching of the veterans. The dance class at Page put on an excellent performance that reflected poems written by students. During the ceremony, students representing Cascade, Sunwapta, and Wapiti laid down wreaths to pay respect for those who died. As the ceremony ended, everyone stood quiet for one minute of silence and listened as the "Last Post" was played.









Upper Left: Nick Allen plays the "Last Post" after one minute of silence.

Above: The Page dancers put on a wonderful performance during the ceremony.

Below Left: Students give their undivided attention as they listen to the veteran speak.

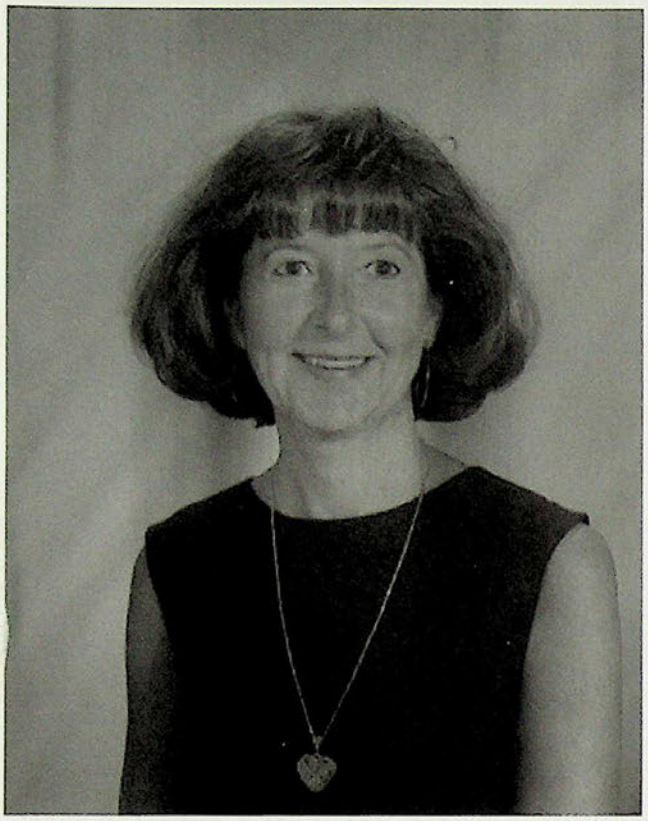
Mrs. Kurney's Message



The 1998-1999 school year has been an exciting, busy and rewarding year. At maximum capacity with 600 Grade 10's, 400 Grade 11's and 350 Grade 12's, Page was definitely the "school of choice". We continued to make strides in student achievement by achieving higher benchmarks in almost all subject areas. We also saw our attendance rate improve, more provincial Alberta Rutherford Scholarship winners than in any preceding year and a higher percentage of Grade 12 students graduating with high school diplomas, all contributing factors to J. Percy Page's legacy of excellence.

Also, as you look back at this past year, take a moment to remember the good times you had. Remember the laughter, the smiles and the dreams that you shared. Remember your friends, your family and teachers that made a difference in your life as well as the growth, successes, and accomplishments you have experienced. Savour these memories and use them to your advantage as new challenges, decisions, and opportunities present themselves. As General George S. Patton stated "Accept the challenges, so that you may feel the exhilaration of victory."

To the grads of 1999, congratulations! Together, move forward into the upcoming millennium with hope, optimism and a burning desire to make a difference. Remember . . . time is on your side.

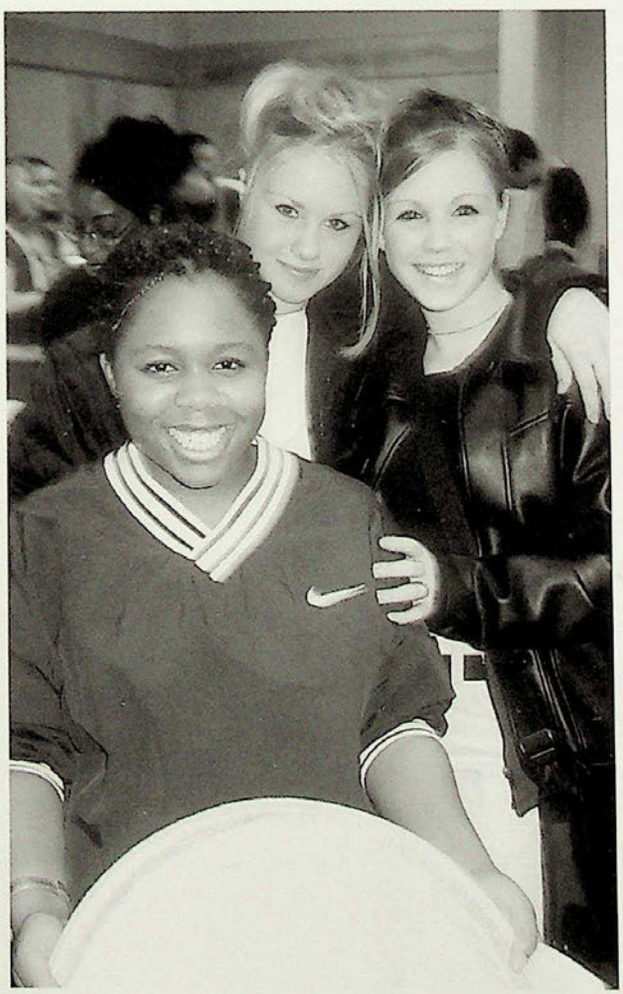
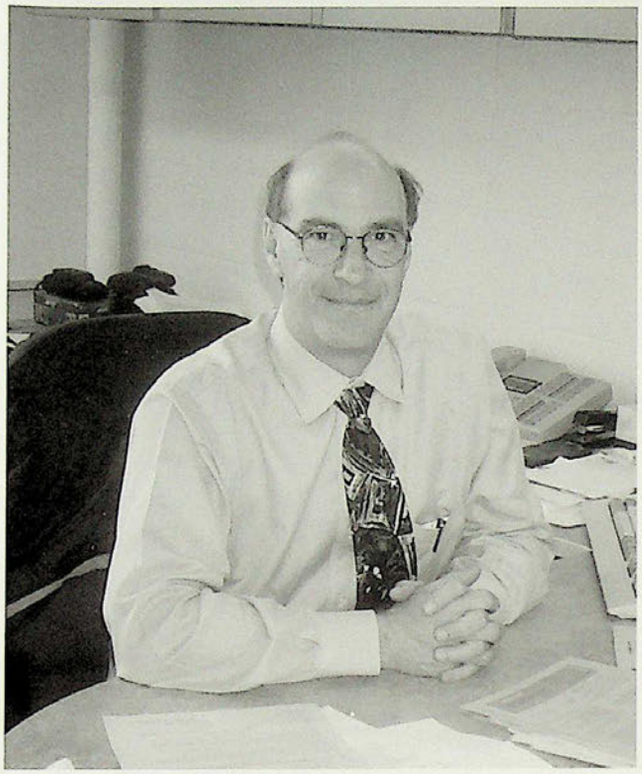
Sunwapta Seeks Success



Mr. Durand's Message



As you complete your studies at J. Percy Page and either pursue post-secondary education or employment opportunities available to you, take with you the values with which J. Percy Page lived his life. During your years at the school named in his honour, the staff and students have consistently pursued his values. I urge you to carry these values with you.

**Strive for EXCELLENCE-never settle for less than your best.*
**Behave with INTEGRITY in relationships with people in your life - family, friends, acquaintances and colleagues.*
**Accept RESPONSIBILITY for yourself and for the role you play in your local community and beyond to make the world a better place.*
**Have the COURAGE of your convictions - challenge them to make sure that you always do what is "right" - don't deviate from your set course.*
** Make all of you encounters and experiences POSITIVE - don't be afraid to "make a difference".*
**Continue to set HIGH STANDARDS - and when achieved - set them even higher.*
**Welcome failure - LEARN TO GROW from these kinds of experiences.*
**Have the STRENGTH to stand up and be counted and the HUMILITY to acknowledge the contributions of others.*
**Finally, LOVE yourself, family, friends, and colleagues - give your love freely and unconditionally - and it will come back to you many times over.*

Be true to these values and your life will be one of rich experiences, rewarding successes and deep, valued relationships.

Mrs. Mather's Message

As I take time to consider life at J. Percy Page, I find many wonderful symbols of our human family and our world. I am proud to be part of J. Percy Page, of Edmonton and Canada. I feel fortunate to share this with courageous, compassionate and exciting people. Our students offer so much for our world and I appreciate them all. At J. Percy Page we see laughter, tears, hope, fear, and many other facets of life as we travel our journeys.

Edmonton has been fortunate in hosting the International Rights conference this year. What a thrill to see so many people, including some of our students, speaking out for justice for all and encouraging everyone to enjoy the fullness of life! I particularly found Desmond Tutu's words inspiring and want to share his wisdom with our students and community.

"I want to say to you, especially you young people, it is not the color of your skin, it doesn't matter whether you are tall, whether you are stumpy like me...it doesn't matter whether you are rich or poor. The fact of the matter is the stuff inside makes you and everybody else a person of incredible worth."

I encourage you to remember that you are special, keep your dreams and make life matter.

Boys

A heart is not a play thing,
a heart is not a toy,
but if you want it broken,
just give it to a boy.

Boys they like to play with things,
To see what makes them run,
But when it comes to kissing,
They do it just for fun.

Boys never give their hearts away,
They play us girls for fools,
They wait until we give our hearts
And then they play it cool.

You will wonder where he is at night,
You will wonder if he's true,
One moment you will be happy,
One moment you will be blue.

If you get a chance to see him,
Your heart begins to dance,
Your life revolves around him,
There's nothing like romance.

And then it starts to happen,
You worry day and night,
You see, my friend, you're losing him,
It never turns out right.

Boys are great, though immature,
The price you pay is high,
He may seem sweet and gorgeous, But remember, he's a guy.

Don't fall in love with just a boy,
That takes a lot of nerve,
You see, my friend, you need a man
To get what you deserve.

So when you think that you're in love,
Be careful if you can,
Before you give your heart away,
Make sure that he's a man.

Love Quotes:

"Love is a funny thing."
- Spike, Buffy the Vampire Slayer

"T'is better to have loved & lost than never to have loved at all."
-Alfred Lord Tennyson

"Love is like lightening; no one knows where it will strike until it has sstruck."
-Henri Lacordaire

A Time For Love

Girls

There are a good many things in life,
like money and cars with speed,
But if you want something confusing,
A girl is all you need.

A girl doesn't say what she wants,
But you're somehow supposed to know,
If they want to do this or that,
stay here, stay there, or go.

Then there's the time, you all know
what I mean,
That monthly little joy,
That lets them abuse the heck out of you,
Just for being a boy.

If you ever dare look at another girl,
They seem to scream, go on, and panic.
But watch how fast they ignore you,
At the sight of that queer from "Titanic".

They give you questions like "Am I fat?"
And "If you could go out with one of my
friends, who?"
There is no answer, face the facts,
You are definately through.

They take nothing and blow it up,
And make a tremendous fuss.
So girls, no matter what you think,
You are just as hard to understand as
us.

Valentine's Week was a huge success. Activities included games such as the Teacher Dating Game and the Student Dating Game. The week ended off with a successful Valentine's Day Dance which was held on Feb. 19.

Valentine's is the time for Love. You don't need a boyfriend or a girlfriend to know what love is all about (although it would be nice to have one for those of you out there who are single). Here are some poems, quotes and, pictures of some couples that remind us of what love and friendship is all about.

THE ENGLISH DEPARTMENT...MAKES A DIFFERENCE!!!
"the readiness is all"

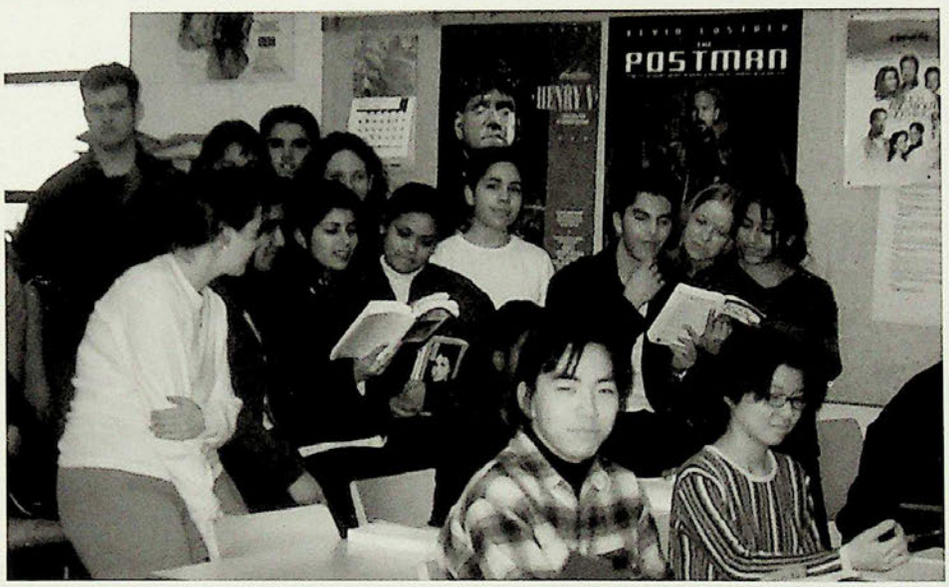
The 1998-1999 school year has been a very rewarding one at J. Percy Page. We began the year on a high note encouraged by our successful results from June of 1998. Planning to build in these successes were an eager and committed staff just waiting to assign and mark all those essays!!

D. Anderson
V. Arnold
P. Bessel
J. Boyle
G. Hamilton
S. Holomis
C. Homoniuk
F. Iftody
C. Kemp
W. Mitchell
B. Sparrow

Enrichment continued to be encouraged in all our English classes, and many of our students took advantage of opportunities to attend a variety of special theatre productions and to listen to guest speakers. Shakespeare's plays were popular on Edmonton's stages this year where many students enjoyed Romeo and Juliet and Hamlet. Even this year's Oscar winner was about Shakespeare and many staff and student's thoroughly enjoyed Shakespeare in Love.

Throughout the year, the English Department has welcomed input into our various endeavors from the students, parents, and community. The support received from all people concerned with our English programs has been very gratifying and has allowed us to continue to build upon our successes.

To our graduating students, thank you for being a part of our success!! May the thoughts of others in the literature that you have read in our classes and the ideas that you have explored so well in all those essays be a part of your eyes for tomorrow. We hope that you will also find, like your old friend Hamlet, that the readiness is, indeed, all - the readiness for all the wonder that your life can be!!



Social Studies

SOCIAL STUDIES IN 1998/99

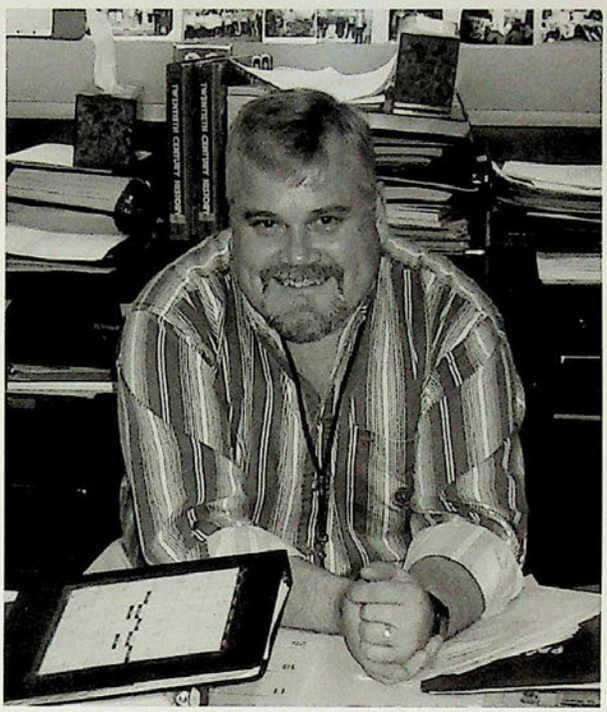
Randy Montgomery: Social Studies Department Head

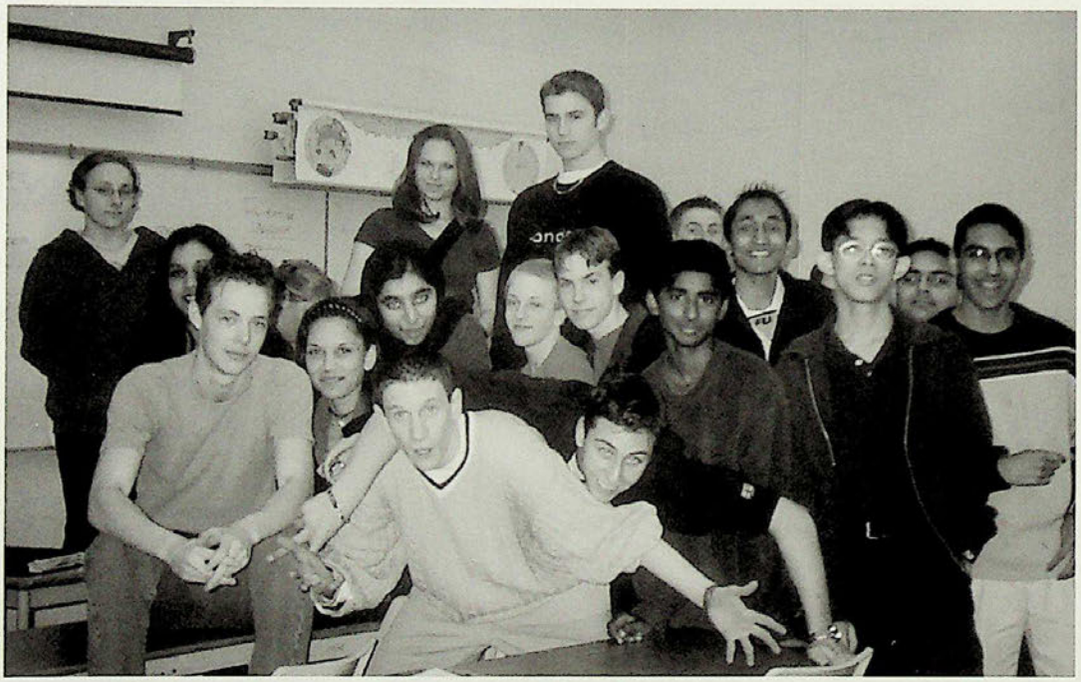
Along with the entire student body, the staff of the Social Studies Department celebrates the completion of another year at J. Percy Page High School. We are very proud of the reputation our student s have achieved within the city and province on diploma exams, and at various student conferences. We share many good memories with our students and wish our graduating class the best in the future. The department hopes we have had a role in opening the window of what life beyond high school has to offer.

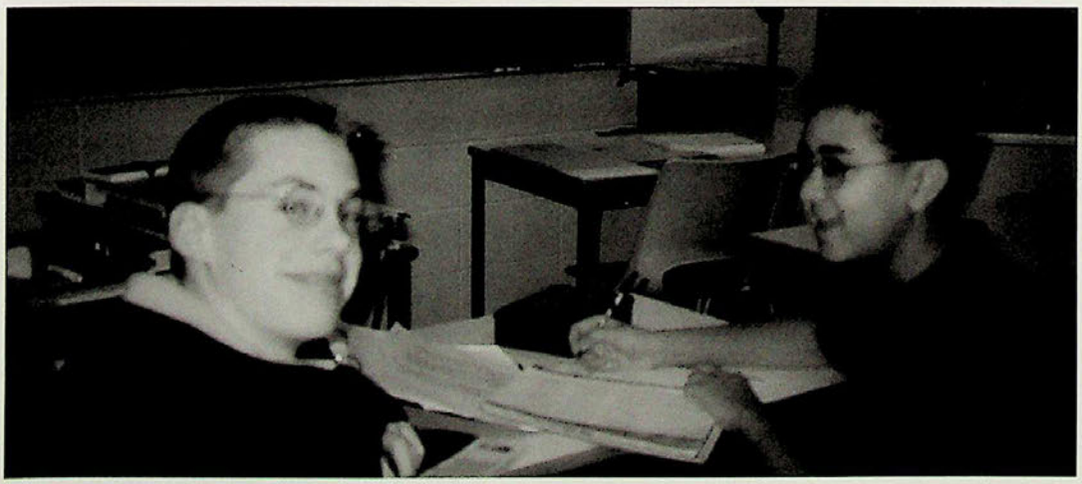
In the classroom we have tried to keep you aware of current events and have provided you with the background material so you can make sound informed decisions in the future. We have tried to make the courses in Social Studies challenging and stimulating; many of you will remember trips to various drama productions and forums such as the Holocaust Symposium at the Uof A. A variety of guest speakers from politicians, to visiting Cuban scholars have attempted to help us expand our minds and look at events differently. If we have done our jobs properly, we hope that each graduate will take his or her place in being concerned and active regarding social issues.

Our department provides much more then what is found in the curriculum. Perhaps you have worked with Mr. Long in the 30 Hour Famine of Remembrance Day ceremonies, or been involved with Mr. Montgomery on track or cross country teams. Many have attended conferences with the help of Mrs. Mawson, or have been part of a team coached by Mr. Ross. Mrs. Janis has kept many of you busy with student government activities and Mr. Bushewsky has worked had all year preparing your graduation. We have helped you raise money, expand your minds, and exercise your bodies. We have watched you grow and I hope that you have watched us grow as well. Our goal is that in turn you will encourage others to grow and examine new ideas and activities. Remember, we all cannot be the same.

To those that are leaving us, we will miss you. To those that are returning to us in September we look forward in sharing with you the experience your remaining high school years have to offer.







Science

SCIENCE DEPARTMENT

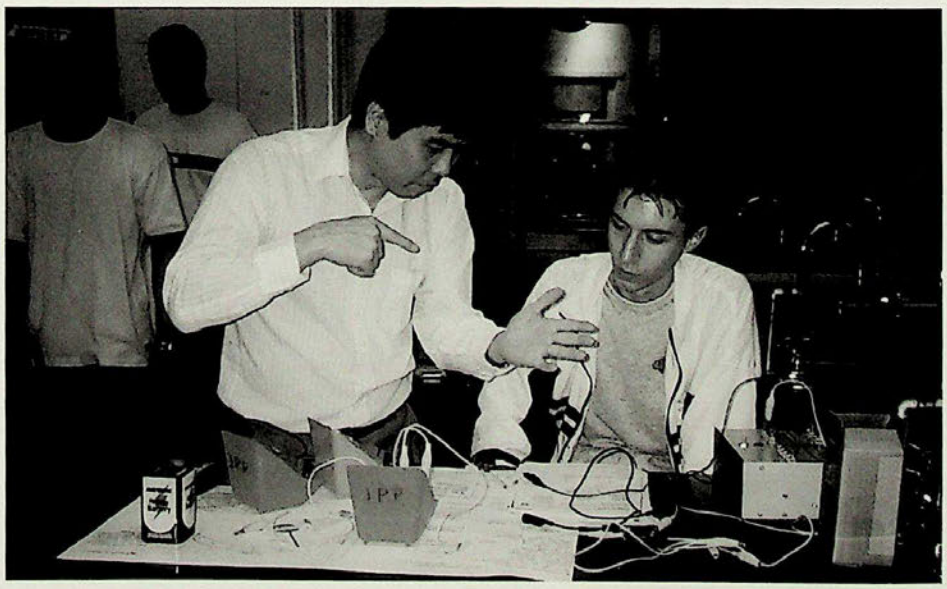
-G. Buxton, Department Head

Once again, as the year began, there were changes to the Science staff. Mr. Lotz left, to become Science Department Head at Scona, and Mr. Mohsen became a full-time member of the department. Also, Mr. Qureshi and Mr. Wynn returned to full-time science teaching, instead of the computer classes they had taught the year before. Other returning member of the department were Ms. Benedik, Mrs. Huculak, Mrs. Andrews, Mrs. Panylyk, Mr. Fung, Mr. Gaumont, Mr. Maradyn, and Mr. Buxton. Mr. Kucher joined the department in semester 2.

This has also been a year of accomplishments. For the third time in many years, Page students entered both the Science Fair and the Science Olympics. The Science Olympics' team of Alaina Booth, Brian Korthius, Jason Andruchuk and Matthew Sirtonski placed third in one event. Anita Chan returned from a very successful summer of research at the U of A, as a result of her selection for the WISEST program. She was so successful that she has been invited to continue as a research assistant this summer.

Thanks to the hard work of the teachers and students, the marks of the diploma exams in Science continued to increase. Mrs. Andrews and Mr. Wynn successfully guided the introduction of the Virtual Classroom project. Mr. Mohsen managed not to kill off the fish in Room 1-102. Some department members probably feel that the survival of a department which included BOTH Mr. Qureshi and Mr. Mohsen is also a significant accomplishment.

On behalf of the department, I wish you all the best in the future.



Mathematics

MATH DEPARTMENT

This was the year of many changes!!! First there was the relocation of teachers and math classrooms. The majority of the math classes were taught in the Sunwapta area, with the math teachers setting up residence in the Sunwapta Workroom. A new curriculum was implemented in Grade 10 - Pure Math 10 and Applied Math 10 (which proved to be a challenge to both staff and students). The Applied Math 10 program brought changes in the math classroom with an investigative, activity and project approach to learning Mathematics.

Unfortunately, a couple of stalwart math teachers, Mrs. Wilson and Mr. Skitch were unable to be in the classroom for varying periods of times due to medical reasons. Luckily for J. Percy Page, Mrs. Wilson returned after an absense of only a month; but Mr. Skitch was absent from the classroom for most of the year (to the dismay of many students who were anticipating being in his class). Students were denied his excellent teaching; and we all missed his goofy sense of humor, his positive attitude, his love of mathematics and his enthusiasm for teaching Math. We are very happy that Mr. Skitch will be returning next year. Joining the Math teachers of previous years (Ms. Benedik, Mrs. Gerke, Mrs. Kalmacoff, Ms. Marika, Mrs. Stobbe, Mrs. Wilson, Mr. Bihun, Mr. Lerbekmo, and Mr. Pysyk) were Ms. Matthews, Mr. Dearborn, and a number of English teachers who added variety to their English teaching assignments by teaching a math class. (Thanks Ms. Bessel, Ms. Boyle, and Ms. Holomis for sharing their time and expertise with the math department).

The Math Department wishes all students a wonderful holiday. To the Grade Twelve students, we wish you all the best in your future endeavors, and to the returning Grade Ten and Eleven students we look forward to seeing you registered in the exciting new changing math courses.

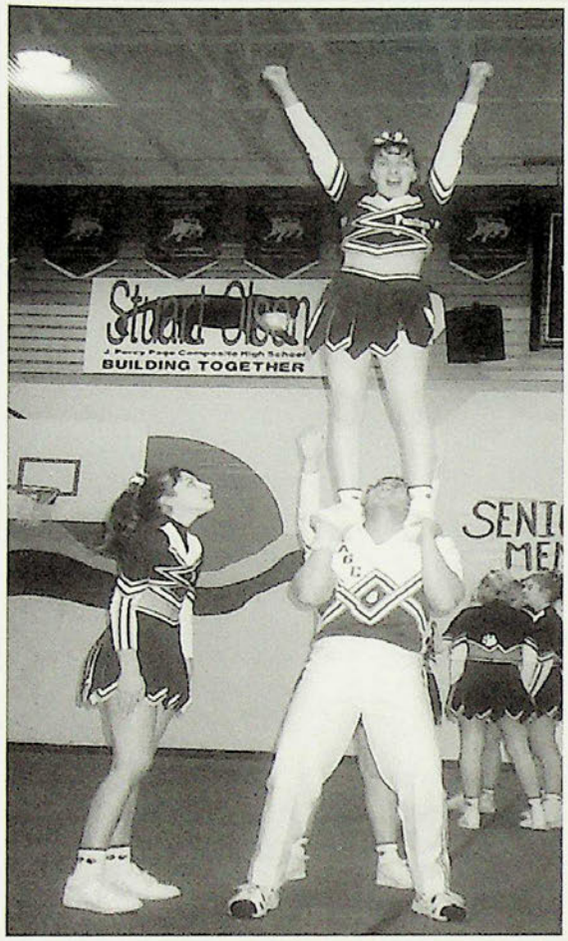
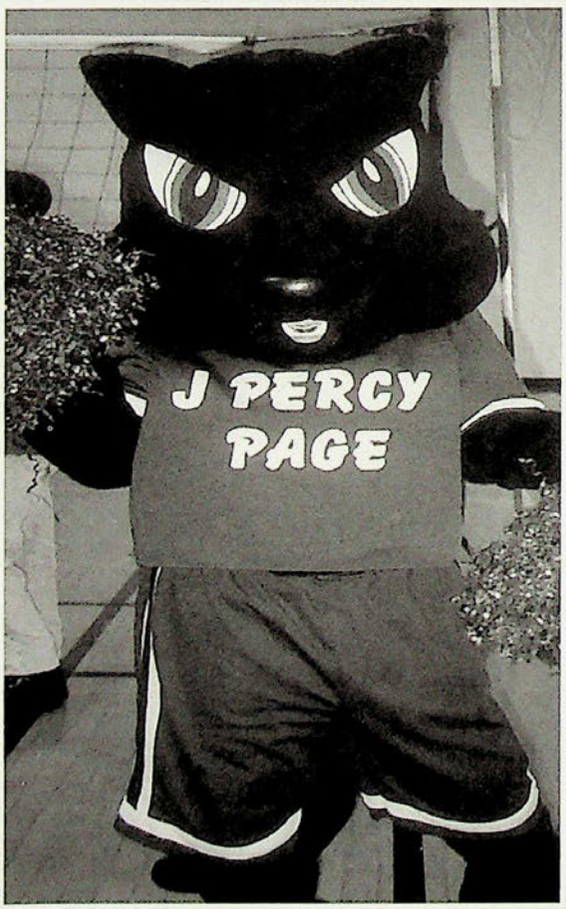
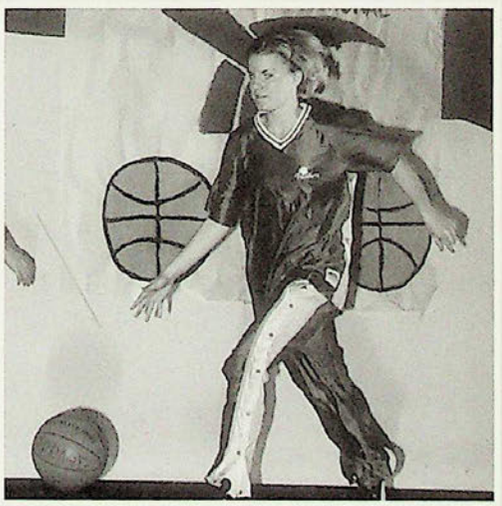
PAGE ATHLETICS







Athletics

"School of Champions in the City of Champions"

The 1998-99 school year has a "silver lining". Page Athletics was very proud to have captured 5 silver medals in the city finals this year. Sr. Women's Volleyball, Jr. Men's Basketball, Sr. Women's Soccer, Sr. & Jr. Men's Soccer. Congratulations to those athletes and coaches and also to all Page Athletics who dedicated countless hours of hardwork and determination. Truly a year to remember.

A big thank you to Annie Ahmed and the members of the Athletics Board for their outstanding contribution in organizing various tournaments and pep rallies throughout the year. Your hard word and dedication is greatly appreciated.

Good luck to all student athletes and be proud to be a part of Panther Athletics.

Physical Education

Middle Right: Phys. Ed. 30 students take the plunge while rafting through a raging river.

Bottom Right: Kirsten Gray smiles bravely while she sits with her Pooh bear in the hospital.

Physical Education at J. Percy Page focuses on participation, effort, sportsmanship, and a positive attitude. This year, the Physical Education would like to honor a grade 10 student who exemplifies all the qualities they represent. Kirsten Gray is a young lady who received honors in physical education the first two terms. During a social dance class Kirsten was dancing up a storm when she needed to sit out for a while due to a sudden headache. Within the next 24 hours, Kirsten was taken from school to the Grey Nun's Hospital and then transferred to the University Hospital to have a tumor removed from her head. We were all very concerned for her but being the trooper she is, Kirsten was back at school within a month. Kirsten completed the school year with honors and even after all her treatment and testings she still participated in physical education. She is a model student in all regards and a young lady that I feel honored to have taught.

Congratulations to all physical education students, thank you for all the great memories. To the graduating 30 classes, Mr. Jones says you're the greatest. All the best in the future.

Career and Technology Studies

CTS is the acronym for Career and Technology Studies. J. Percy Page takes pride in the fact that they have many of the best teachers in the city for each of the CTS strands: Construction Technology, Cosmetology, Design Studies, Financial Management, Foods, Graphic Arts, Information Processing, Legal Studies, and Mechanics .... **Cosmetology** encompasses everything from manicures and pedicures to the art of styling, cutting, coloring, and perming hair. Cosmetology students at Page can complete the first half of the Alberta Cosmetology License Apprenticeship program while completing their high school diploma. This year our students were involved in many community events: complimentary hair stylings, manicures, and make-up were provided for the residents of the Good Sheppard Seniors' Home, a kindergarten class that visited the school, and the guests at the J. Percy Page Children's Christmas party. In the spring, all the students attended the Alberta Beauticians Association Hair Show and the senior students attended the Skills Canada Alberta competition. Two Page students, Rita Kohli and Miranda Roy earned the 1st and 3rd place titles in the Men's Styling event of the Skills Canada National Championship! .... The grade 10 **Foods** program contains a wonderful variety of curricular choices, while teaching many excellent basic skills. This year they baked their famous Vitamin B cookies for Open House guests. The senior students completed such major tasks as catering a dinner theatre, and supplying a variety of food from around the world at the annual Taste of Page extravaganza; recipes were researched on the internet, tested, prepared and served .... Our computer classes remained "on-line" via high-speed cable-modem internet access called the WAVE sponsored by Shaw Communications. The intermediate and senior level students digitized and edited video, created high quality logos, business cards, letterheads, and websites for fictional and real companies .... Other noteworthy successes this year included our Legal Studies students got married, got divorced and took a trip to Court in Edmonton, as well as our senior Financial Management students, who competed for the first time in the Junior Achievement sponsored "Business Game" at the Hotel Macdonald.... Our Design Studies students drafted their own dream homes and built scale models of each project .... The Graphic Arts program at Page proved once again to be one of the most comprehensive and innovative in the city. Students engaged in projects involving a variety of media including design and color, painting technique, photography, drawing and perspective, digital design, and screen printing .... In Construction Technology, our students designed and crafted many projects including a TV/VCR entertainment center, speaker boxes, and a fold-down picnic table. Construction students also competed in the Skills Canada competition and did very well .... Students of Mechanics at Page applied their theoretical learning in the repair and maintainance of vehicles by working on their own cars and the cars of their parents, teachers, and others in the community. If you want your vehicle serviced, you'll have to make an advanced booking; this service is in high demand! .... Overall, over one hundred students found out-of-school job placements in our Work Experience program here at Page .... As you can see all of our students in all the various CTS strands have done and continue to do a fantastic job! We are proud of the achievements of our students and we believe the high quality of work accomplished is due in no small part to the skilled teachers we have here at J. Percy Page!

Rita Kohli, Bronze Miranda Roy, Gold

On May 6, 1999 Miranda Roy and Rita Kohli captured the Gold and Bronze Medals, respectively, in the Skills Canada provinicial competition; specifically the Styling and Cutting of Men's Hair event. Following their success in Calgary, they travelled to Kitchener-Waterloo June 2 through 6, 1999 with Mrs. Horn to represent Alberta in the Skills Canada national compeition. Their training and hard work paid off Miranda Roy won the Gold Medal and Rita Kohli won the Bronze Medal recognizing them as the BEST in C A N A D A .

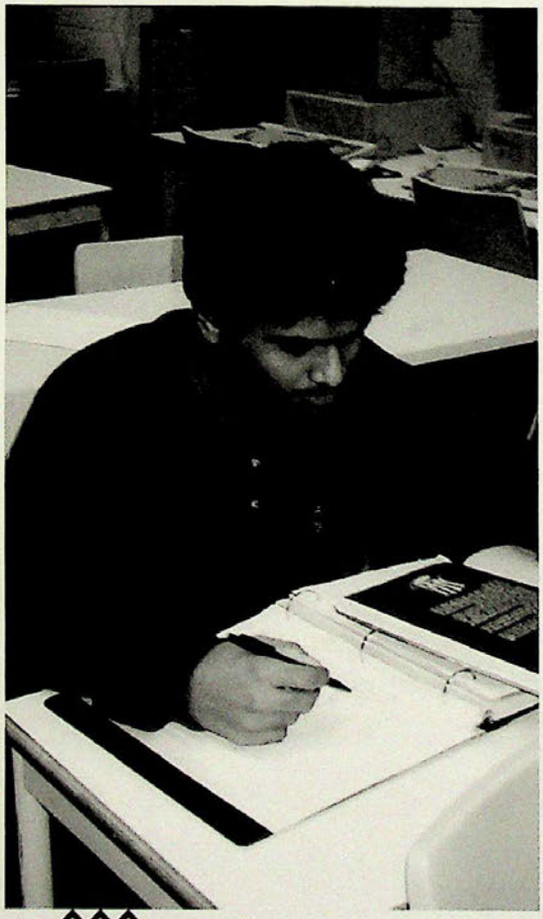
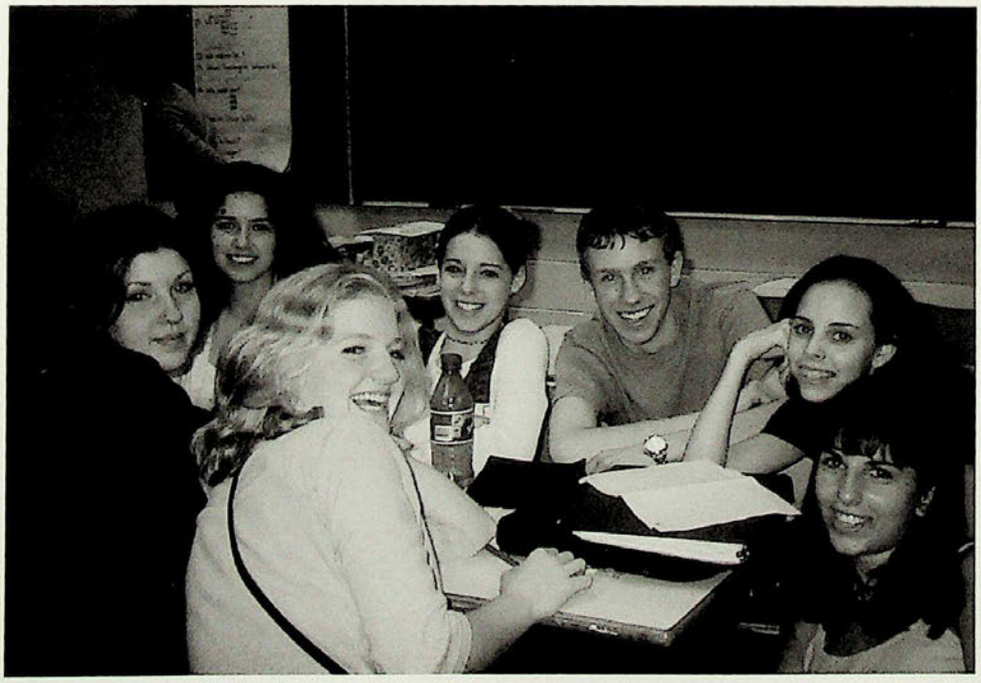
English as a Second Language & Languages Other Than English





The 1998-1999 school year was one of experimentation, change, and expansion in Languages Other Than English.

We have a total of fifteen Second Language classes this year indicating a considerable increase in interest in the learning of another language in the community.

We welcomed Miss Drisner to Page. She wears the hats of German and French teacher. Mrs. French introduced Spanish 20 this year. Mr. Wynn is teaching Japanese, in addition to his duties in the technology area.

The LOTE teachers at Page say farewell to the Grade Twelve students knowing that sometime, somewhere you will travel, make friends and conduct business in another language. We wish you the thrill and satisfaction of being able to communicate using the hard-won skills thay you acquires here. Best of luck, success, and happiness.

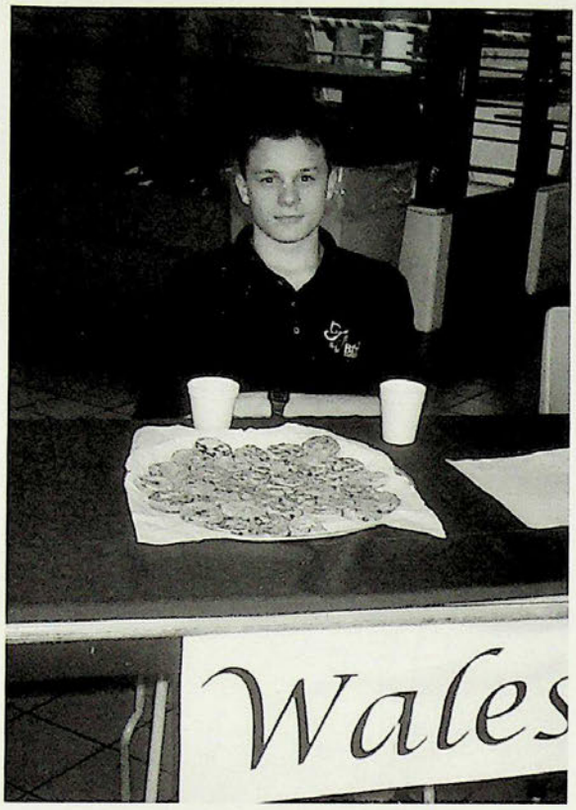
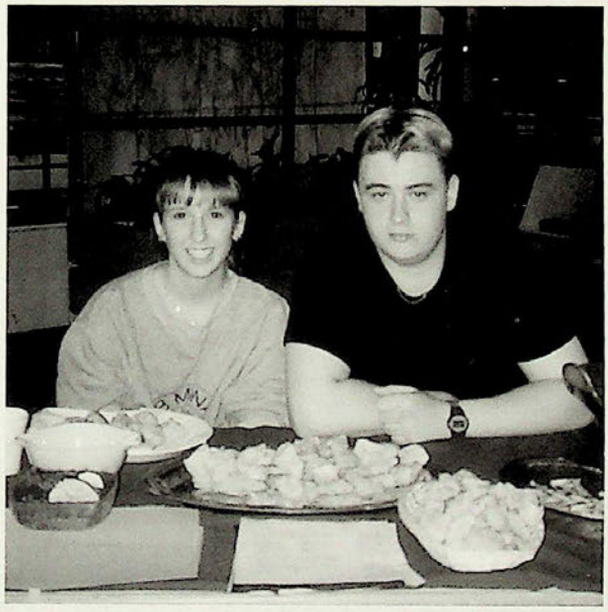
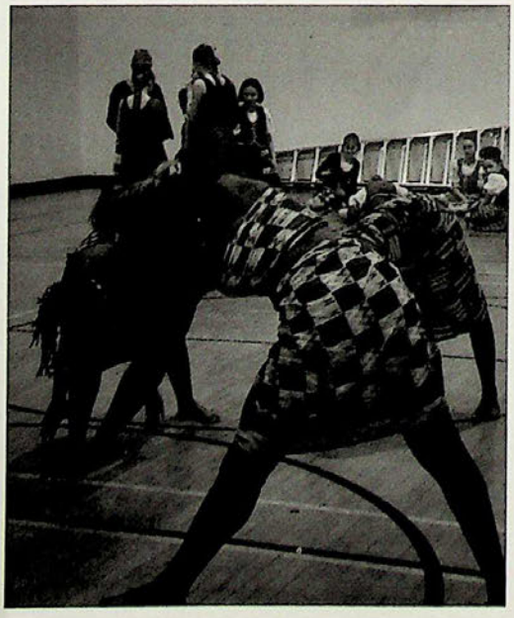
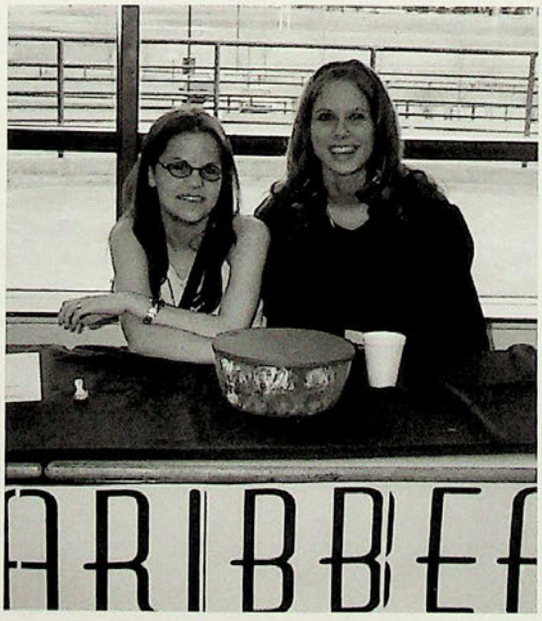
Taste of Page





Page celebrated another successful Taste of Page for the 1998/1999 school year. The Taste of Page is a celebration of multiculturalism in our school and around the world. Thank you to all the people responsible for the planning of the Taste of Page, the Foods Classes for the delicious food and the performers for volunteering their time and efforts. We hope everyone enjoyed the performance and the great food.





STUDENTS' UNION

President - Kellie McEwan

With another year drawing to a close, we can look back at everything that has happened. Students' Union held its first successful dance in years with 2 other successful ones to follow. Activity weeks were a hit again this year winding up with the crowning of this years Mr. Page. SU focused more on charities, holding a pancake breakfast for the Children's Health Foundation and collecting blood for the Canadian Blood Services. Another great year has come and gone. Here's to many more!!!!

Vice President - Heather Schlaak

Wow! What a year! This year was full of many traditional activities such as activity weeks and Fun Fridays. Good job to the Social Board and to the House Boards. There was also many new acitivities that we took a chance on, let's just say it's nice to have dances at Page again. I want to thank all the executives, you guys did a super job this year and you were all a pleasure to work with. Best of luck next year.

Did You Know???

(Teachers Reveal All!!!)

*Mr. Wynn taught in Japan for 3 years and was in Mr. Long's Social Studies class in grade 7 at Vernon Barford Junior High.

*Ms. Benedict was in Mr. Buxton's Biology class at Bonnie Doon High School and was also taught by Mrs. Kendall.

*Mr. Lerbekmo had a baby girl...Well, actually his wife did.

*Mrs. Bonin had a baby boy this year.

*Mr. Pease is going to have his 2nd child.

*Ms.Drisner got engaged. She also has a twin sister.

*Ms. Nichols got married, was a 3 time Gold Medal Champion for precision skating (aka figure skating), and owned 2 motorcycles.

*Mr. Quereshi went to school with Mr. Mohsen.

*Mr. Mohsen is rumored to be still living with his mother and is planning to move out sometime in the future. You know what they all say..."OMAR!"

*Ms. Gaudin was on the Canadian National Swim Team for 5 years.

*Mr. Gaumont has a philosophy for everything.

*Mrs. Pelletier trains & shows off dogs.

*Mrs. Panylyk lives in Gods' country.

*Mrs. Gerke went to France for the World Cup of Champions for Race Walking.

*Mr. Maradyn works very hard to grow his hair back because he lost most of it due to stress. And also by wearing those spandex.

*Mr. Long has been to over 30 countries, some in which he taught in, and has 4 sons who have never asked him for help in Social Studies.

*Mr. Ross used to be a bouncer. Ask him where and he won't tell you.

*Mr. Montgomery used to be a RCMP officer.

*Mrs. Mawson used to play professional tennis.

*Mrs. French knows how to drive a gear shift motorcycle,she catches horses, and she collects dictionaries of etymology...whatever that is.

*Mrs. Kurney used to babysit Mr. Leibel.

*Mrs. Huculak married her teacher and jumped off a cliff in Maui...did she do that all in the same time?? We will never know.

*Mr. Balbar used to teach people how to ride motorcycles...geez with all these teachers knowing how to ride motorcycles, we can have a biker gang at school!

*Mr. Dendy was in the army for less than a year and lived all over Canada from Nova Scotia to B.C. He is also known to be a spy. For what we do not know.

*Ms. Bessel is a champion arm wrestler and her nickname is "MadDog". She can probably beat all the guys at arm wrestling with that arm of hers.

*Ms. Kemp is related to MacBeth...no, not the Liberal leader but the Macbeth we all read about. She also has a "thing" for the Star Trek Captain, Jean Luc Picard.

*Mrs. Sparrow was a teacher at Mrs. Anderson's high school while Mrs. Anderson was in Grade 12. Okay, seriously, how many of the teachers here have taught or been to school with other teachers here in the school???

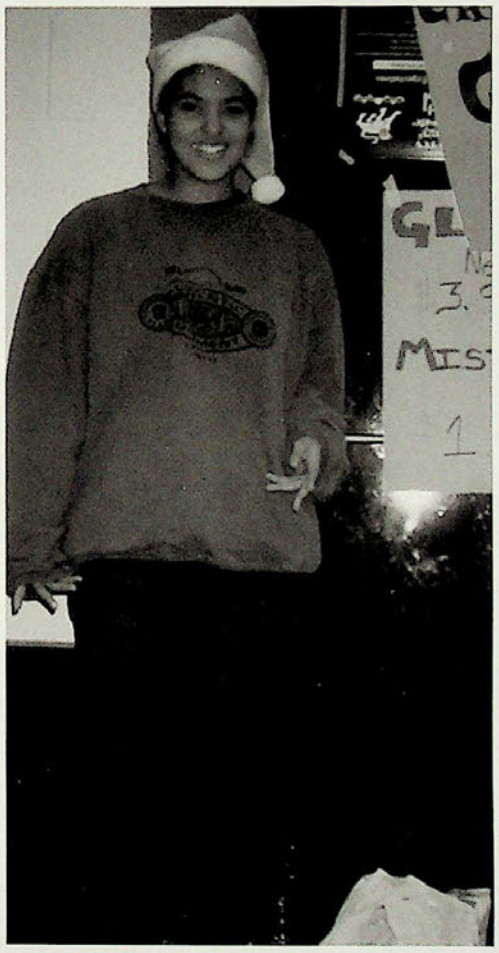
*Mrs. Stobbe used to play high school basketball and got fouled out of games so many times. I bet that's why she became a math teacher.

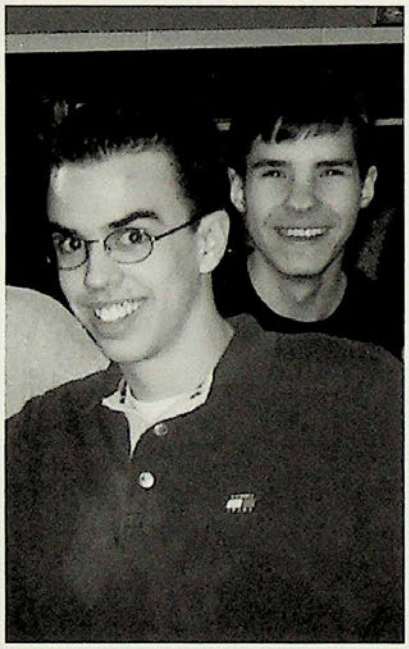
*Mr. Mohsen (A.K.A. OMAR) still lives with his mother. Wait, didn't we just say that???

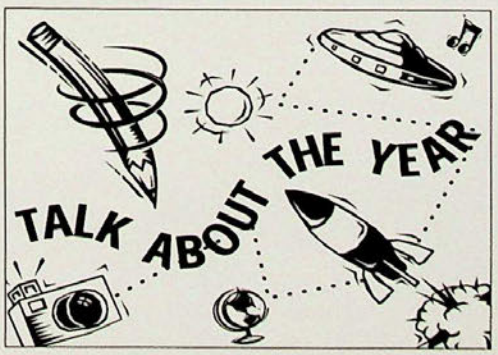
STUART OLSEN

Since May 1991, Stuart Olsen has contributed and sponsored many events at Page. One great example of this would be the yearly J. Percy Page - Stuart Olsen Christmas Party. Every year, this event becomes a greater and greater success. Teachers from Page, as well as staff from Stuart Olsen bring their children to the party for fun and games. This is not only fun for the kids but also for the parents.

On behalf of J. Percy Page, we would like to thank Stuart Olsen Constructions for their many contributions and sponsorships at J. Percy Page.







THE VIRTUAL CLASSROOM

Since August 1997, J. Percy Page has been partners with Shaw Communications. Shaw has provided Page with the latest high speed Internet connection. A T1 Fibre Optic Line has been installed into the school's computers to connect into the internet, as easy as 1, 2, 3. This is called the Wave. Students and teachers are able to surf the net and obtain information from around the world.

With the Wave, we've got three excellent teachers to help us with the Wave. These wonderful teachers are Mr. Wynn, Mr. Qureshi, and Mrs. Andrews. Shaw Wave has made many great improvements to the school's computers and will continue to help J. Percy Page get ready for the 21st century.

Altogether, this has been a successful year, once again we'd like to thank Shaw for all their help and support and contributions to the school.

Grad President's Message

Our graduation is the realization of a childhood dream. We have proven to be successful by achieving the right to wear our square caps and gowns. It is the goal of the 1999 Graduation Council to capture the essence of our achievement with the organization of a memorable graduation. Hopefully, the reminiscence of this notable event will give a special meaning for the Class of 1999.

With the guidance of our two staff advisors, Mr. Bushewsky and Mrs. Greenhalgh, our council has contributed a great deal of effort in the creation of this joyous occasion. Futhermore, many staff members assisted in the various stages of planning. On behalf of the graduating class I would like to thank all these individuals for all their hard work and dedication.

Over the past three years; we have created an incredible high school experience filled with lasting memories. We will never forget the time we have spent at J. Percy Page. I send my congratualations to you, the graduands, on your outstanding achievement. I hope that you have had the "Time of Your Life" and will continue to succeed in your future endeavors.

DAVID ANDREWS: I would like to thank my parents for helping me get through HS. I cannot believe how fast it has gone, but I am glad it is over. I will always remember playing for football (soccer) in the field with Matt, Arnie, Nevin, Andy, Chris, and Darren. I will remember Arnie running around the field in his knickers, and then climbing the tree to get his shorts. To round things up, "It's cold here, I don't like any of you, and I want to go home. THE TRAGICALLY HIP ROCKS. If it isn't British it's rubbish. Liverpool will win eventually. "You'll never walk alone". CHEERS.

NATASHA ANDRIES: 13 exasperating years of great times and wild memories and look at what we've accomplished. Thanx to everyone who had an impact in my life along the way. ALAN CHOW: First of all, I would like 2 say thanx 2 my family for their support in my schooling and athletics. 2 all my v-ball boys, HAWAII 5.0 baby! It couldn't have been better. School has gone by so fast and yet, right now in Physics it seems 2 go by so slow. 2 ALL my friends from A to Z, it's been great. And finally, 2 all the graduates of 1999, you'll agree that this school year has been - JUST 2 SWEEEET!!!

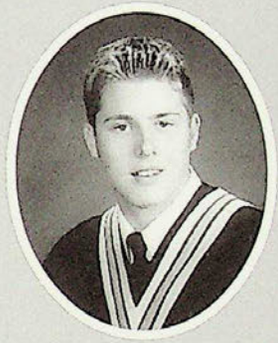
DARCY CHRISTENSEN: High school is just one step in life - cruel within present, fond amongst memories. It is during this time we grow through our trials, our experiences, and our friendships. It is here we learn to love, to understand, to achieve; we discover who we are, and perhaps who we want to be. 5F4L! In such a short time we've become so close and on we go to the next level - I'll be with you all the way to the top ☺

DAVE CHURCH: Well I would like to start off by thanking my parents for putting up with me for all these years. I don't think anyone else could have. I would also really like to thank my beautiful girlfriend Carolyn - You've made these high school years bearable. I Love U Babe. Also thanks to my friends JB, DH, SA, SM You kids are always good for a laugh. Also AC and TO - All I can say now is never look back.



LANA CLANCY: I've learned no matter how fast or far u go, u can't outrun God. I've learned that no matter how far I've been He will always welcome me back. 2 M+D: I❤U 4ever! To my girlz: AN We'll hook a guy sometime! SMP Thx 4 yr help in Bio! AMC POWERTONGUE! Cecil has 2 be a skronk 2! NA Hey girl, where U been? Don't lose touch! DA SCRAWNYBUTT! U R 2! U + UR guys! One right after the other! TP SQUAK! I'm *blink* gonna *blink* miss U *blink*!!! And 2 the boyz: AR Don't make me scream! Hey, u can go over that hill right?! AM U R 2 crazy! Never give it up! ❤ ❤ ❤ CUL8TR

JG & MD - Jendayvus were a blast. KG - my bad influence, I'll never 4get U. KM - positive peer pressure, remember the laughs & the sappy cries. To the player - live each day & have fun.

TATYM SCHNEIDER: Thank you my friends. I had fun. We had fun. Best of luck in everything you do. I'll have a chat with the cosmic forces and see if I can turn a favor for you. Thank you to my family for all the usual stuff: Love, Encouragement, Patience, Tolerance, Rides to school. I would have been late a lot more often without you. Also, thanks to all my teacher; learning would have been a lot more difficult had you not been there. And thanks to all the patrons of the Panther's Den, who have kept me in paychecks for the last two and a half years.

TAMARA SEDGWICK: I would like 2 start by thanking God and my parents 4 all the support. AT, thanx for the dance, keep:) It looks good on you! SH - thanx for bein' my friend! I'll Remember

Words and Music By
Patrick Leonard, Madonna Ciccone, and Richard Page

Say good-bye to not knowing when
The truth in my whole life began
Say good-bye to knowing how to cry
You taught me that

Chrous:
And I'll remember the love that you gave me
Now that I'm standing on my own
I'll remember the way that you changed me
I'll remember

Inside I was a child
That could not mend a broken wing
Outside I looked for a way
To teach my heart to sing

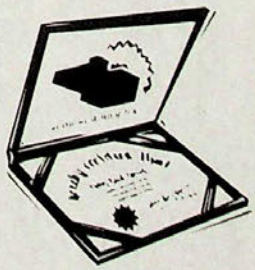
(Chorus)

I learned to let go of the illusion that we can possess
I learned to let go, I travel in stillness
And I'll remember happiness
I'll remember, I'll remember

(Chrous)

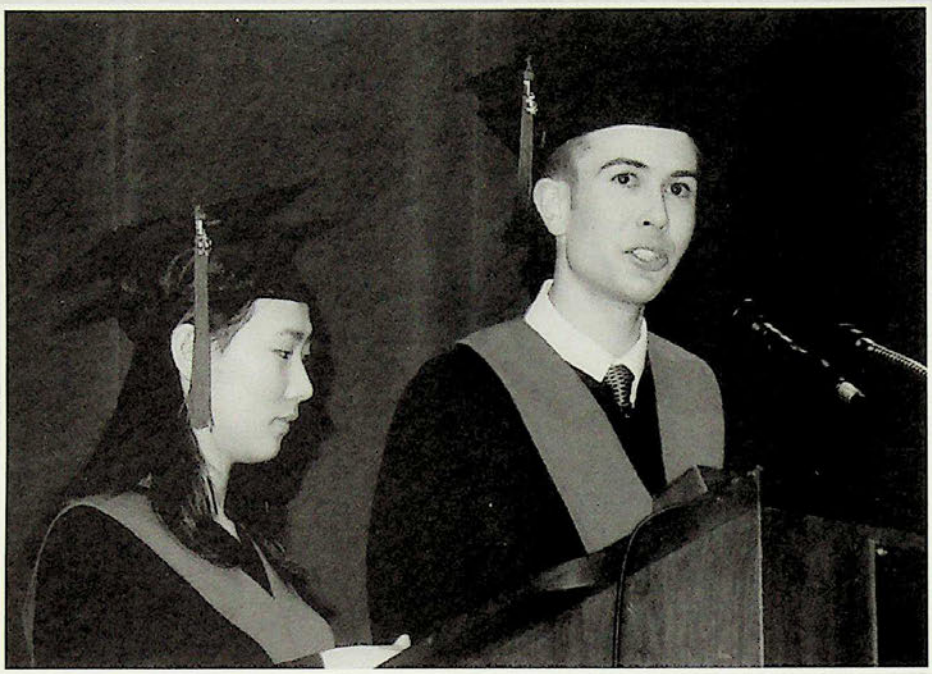
I'll remember
No I've never been afraid to cry
Now I finally have a reason why
I'll remember, I'll remember

Congratulations Graduates!



Time Of Your Life

Commencement ~ Jubilee Auditorium ~ May 19, 1999



Valedictorian Address

Honoured guests, parents, staff, and fellow graduates:

From the moment we began to attend elementary school, we commenced an expedition towards our graduation. Our perseverance and determination have brought us here tonight to celebrate the achievement of this goal. The attainment of our diplomas recognizes our dedication and hard work; furthermore, it marks an end to our excursion and the beginning of a new one. Along this journey, we have gained valuable experiences that enabled each of us to grow physically, emotionally, and intellectually. The time we have spent at J. Percy Page has played a significant role in our development as mature, dignified adults. Compassion, confidence, discipline, and steadfastness are only a few of many qualities we have aquired. High School has prepared us for life's challenges and obstacles by providing us with new knowledge and skills. We have proven to be accomplished individuals by graduating tonight. We are emblems of success with the potential to achieve more. This is a moment of pride for all the graduates.

The time has come for us to venture into the real world where we will begin a new journey and continue to make a difference. As the graduating Class of 1999, we bring the twentieth century to a close and welcome the new millennium. Countless new possibilites lie ahead of us. In a sense, we are like mountain climbers, emerging to new heights and overcoming obstacles. Just as a climber may ambitiously choose to ascend a rugged mountain, we too must set goals for ourselves and decide upon which challenges we will undertake. In addition, we must act on these decisions, conquering each new hurdle that we encounter along our climb. We are mountaineers who gain confidence after triumphing over certain barriers; we define ourselves and grow as human beings as a result of the actions we take. Clearly, we have the power to shape our future with the experiences we have accumulated throughout the years. If we grasp the right mountains of opportunity, we can transform our dreams into realities.

As our journey continues, we must realize that our education is not over. Each day brings new challenges and as a result we will never stop learning. Plato states that "in a world of knowledge the idea of good"- the ultimate perfect understanding - "appears last of all, and is seen only with effort". Evidently, our quest for knowledge is a timeless event. The world delivers a constant supply of new ideas, and the expression "to live is to learn" certainly applies to us now and always. As we overcome various obstacles in life, our knowledge will expand, and we will gain a new awareness of how to endure certain conflicts.

Countless people have supported us every step along the journey we have taken to be here tonight - notably out parents, teachers, coaches, and friends. Without their careful guidance and assistance in our endeavors, our excursion would have been extremely difficult to complete. They deserve our highest praise and respect for playing this significant role in our lives. We will make you proud.

With our friends - who have helped us grow and will stay with us forever - we have shared incredible laughs, heartfelt tears, and unforgettable memories. We will "remember the strengh" that we have gained through these valuable friendships for years to come. As different career paths now separate us, this significant occasion serves as a link that joins us together one last time.

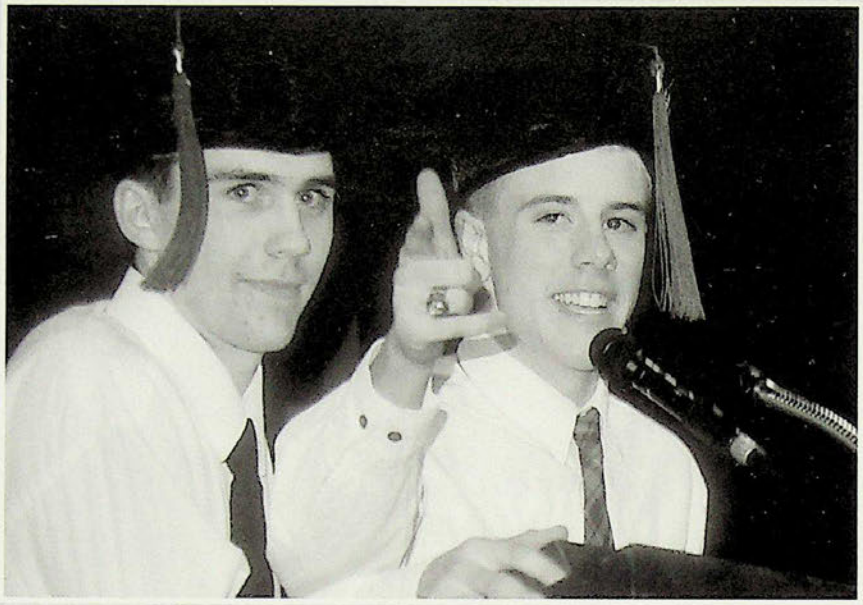
We are honoured to be members of this graduating class, and we send our deepest congratulations and best wishes to our fellow graduates. We have fulfilled one dream; there are many more that we can turn into realities. Without doubt, our accomplishments have made a difference beyond the local community, and we will continue to influence future generations. For each of us, the words of Shakespeare may offer a moment of insight:

> *This above all, to thine own self be true,*
> *And it must follow as the night the day*
> *Thou canst not then be false to any man.*

Our wish for all the grads of 1999 is that you will enjoy this special occasion to its full extent. Quite surely, as the final students to graduate in this millenium, we will treasure this "Time of Our Lives" forever and anticipate the exciting life that awaits us.

~Tim Cebuliak and Anita Chan

Class Historian Speech



"The Beginning"

How you doin'? I'm Tony Rose, and I'm Dan MacKinnon, and we're your class historians.
We know just how completely distraught you all are at having to leave our wonderful institute of learning we call Page. We've formulated 5 reasons why post secondary life is better than High School:

(Picture of Mr. Bushewsky at the door)

5. No study halls for being one second late for class.

(Picture of attendance profile)

4. No attendance profiles to show you that you were late to get that study hall.

(Picture of Mr. Balbar)

3. No advisor to harp on you if you miss study hall.

(Picture of teacher wearing spandex)

2. The advisor that's harping on you for missing study hall is not standing there wearing spandex.

1. And by the time you've reached post secondary, they assume that you've taken CALM and that you don't need a lesson everytime you walk into physics class.

OH ME, OH MY,

(Picture of Mr. Mohsen)

OMAR

This man suffers from illlusions of being a South Central Los Angeles gangster when really he's an unshaven, funny haired Bio teacher in northern Canada.

(Pulls out a comb)

Here's a lesson.

(Part hair)

Straight over, come on here, we're not parting the Red Sea. (Pause) But he's a good guy. You know we're going to get push ups for that bit. Ah well, it was worth it.

Seriously we are going to miss some people. Our Principal, Mr. Probert who some of you may be meeting for the first time tonight. Others know him quite well.

(Picture of Andy Holben)

Mr. Probert's been doing a good job, he spent 200 consecutive days manning study hall and Raj Pooni has been there for 199 of them.
Boy did he get in trouble for skipping that ONE.
Here we have some other stats like:
In fine arts:

(Picture of Ms. Shew)

Ms. Shewchuk has lost 26 eyelashes due to stress, Yours truly has been the cause for 25 of them. Sorry Shew.

The Dancers have used 10 bottles of hairspray.

(Picture of Tracy Groves)

It's rumored that Tracy topped off 9 of them.
In the Phys. Ed. department,
The word ruckus has been used 51 times. 50 by Annie , once by a little 95 pound grade 10 white boy.

(Picture of Annie Ahmed)

He hasn't been seen since.

(Picture of Alan Chow taped to tree or duct tape being opened)

3 rolls of duct tape were used to tape Alan Chow to a tree at the Phys. Ed. 20 camping trip.
Our volleyball players spiked 75 balls at the spring Pep Rally.
50 of them landed on the court
24 spectators were SMOKED. Some twice.
And I hit the back wall. TRASH.
And finally our wonderful cheerleaders have graced us with 400 billion spirit fingers. (Dan & Tony do spirit fingers, then 2 thumbs up).
Way to go guys.
Cheerleaders, on a completely separate note, no relation at all, straight out of the blue, new topic,
Our top 5 scariest drivers:
Number 5 - Erin Czajkowski, scary because we're not sure that she can touch the pedels and see over the dash at the same time.
Number 4 - Jen Embury, now that's a scary driver. Well if the van would ever work.
Number 3 - Dave Harper, we know he graduated last year but come on, he hit our Alderman in our school parking lot.
Number 2 - Raj Pooni, (tsk), wouldn't trust that guy with a shopping cart.
And out Number 1 scariest driver:
Jason Harvey

(Picture of scared kids)

But give the guy a break, it must be hard driving with only one shoe.

(Picture of dripping wet shoes)

Although what would be tougher, driving with one shoe that looks like you're getting ready for a flood.

(Picture of thick-soled shoes)

I don't know what style is coming to nowadays, but we digress, we're here to talk about grad.
We've come up with a little grad day diary. We call it G-Day.
First you wake up at about 10, 10:30, you've missed your first 2 classes, but you're not worried because it's your grad day and Thy hand shall not make use of thine writing utensil.
Next you get in the shower and get re-acquainted with your Herbal Essence shampoo and conditioner. Then you pamper yourself with some Dove body wash applied as always with the little pink puff. Then we move onto a nutritious bowl of cocoa puffs. But you notice it's 12 o'clock and you know what that means, it's Y&R time and you can't miss it because Brenda is having Cole's baby and Cole thinks it's Rico's baby but Rico is in a coma so maybe it's the baby of Rico's evil twin, An-Rico. So if Brenda has a little Hispanic baby, Cole will have words with Rico and An-Rico.

(Dan notices Tony's blank look)

What are you doing?

(Dan tries to find something to say)

If you've got time to watch soaps, you've got time to watch Star Wars. (Band plays few chords from Star Wars, Dan and Tony get excited).
Alright enough of that. You come out of Star Wars. (Band plays Star Wars music but Tony quickly points finger motioning them to stop and music dies down).
Alright, it's about supper time, I know you've got a banquet later. (Speaker cut off)
Chicken Picatta. (Speaker continues)
No this is Alberta you need some beef.
The woman are putting on their face; you've got time to kill, so you hit Arby's.
Now it's getting to be about time to get dressed. Even for guys, so you put on your tux.
You go down the tux checklist:

Black socks.
Check.
Zipper.
Check.

Breathe spray. Cause you know you had those curly fries earlier at Arby's.

Check.
Cab fair.
Check.
Date's address.
Check.

Rubbers. (Picture of rubber boots). For the bush party after.

Check.

Now you're ready to pick up your date.The rest is up to you, but just on a little personal note, take it easy on the drinks. Happened to a friend of ours. I tell you, a whole bottle of Jack Daniel's will land you in a graveyard. Gotta get out of here, I left my ice cream at the equator, right Mr. Pysyk, ay brother.

Have a good grad.

DRAMA - PAGE PLAYERS

"S.S. Aqueous: Ship of Fools" Dinner Theater. This performance project is produced and created by, as well as cast and crewed by the Performing Arts students at Page.

Many thanks to our senior Page Players during this year. Acknowledgements go to Tony Rose, Dan MacKinnon, Nicole Hapke, and Kim Burchert.

This year's student-directed ENCORE One-Act Festival ran April 13th-16th. Plays included:

"Thirst"
"Abstinence"
"Lucy's Notes"
"The Valiant"
"Specter"
"Tell Me Another Story, Sing Me A Song"
"Dirty Old man"
"A Simple Kind of Love Story"
"The Insanity of Mary Girard"
"Innocence Lost"

The following students won acting awards at the city level: Dustin Whitelock, Tasha-Lee Sabko, and Dan MacKinnon. June 4th gave us an opportunity to hand out some awards during the Dance and Drama Appreciation Awards. Another creative and productive year! I thank you for your effort, talent, and dedication.

Sincerely,
Ms. "Shew"

EDITORS' MESSAGE

Well, this TIME OF OUR LIVES has come to an end. This year has been filled with so many fun memories that we hope you will never forget. Thanks goes out to Mrs. Stobbe, our Yearbook Advisor, who put in a lot of her time to help us with this yearbook and, to Mr. Fehler who supplied us with those extra pictures. A special thanks goes out to Gloria Woo, Latoya Williams, Melissa Camp, Joy de la Paz, Debbie Gregg, Julie Wilde, Alaina Booth, Arlyn Halstead, and Mui Yee Lee who helped us make this yearbook a success. Good luck to Julie, Arlyn, and Mui Yee, your yearbook editors for the 1999/2000 school year.

To the Class of '99, we hope that this book will remind you of your final year of high school which have been filled with so many great memories. Never forget them!!! Good luck to all of you and see you in 10 years!!!

(Note: Pages in this book have been subjected to change and are different from those in the Table of Contents).
